### Registration:

Check out details or register for a class at <http://www.youngengineersinaction.org/ongoing-programs.html> by Feb 23, 2020 to receive early bird discount.

### Referral Bonus Program:

For each referred new student who attends a paid program or class offered directly by YEA, you will receive 10% of the fees paid by the new student, up to \$40 of YEA credit.

### Questions:

Not sure which class to sign up for your child or any questions? Call (714) 808-2407 or email [Contact@YoungEngineersinAction.org](mailto:Contact@YoungEngineersinAction.org) or visit [www.YoungEngineersinAction.org](http://www.YoungEngineersinAction.org)

### Location:

7002 Moody Street, Unit 205D, La Palma, CA 90623

Young Engineers in Action (YEA), a registered 501(c)(3) nonprofit organization, promotes STEM extracurricular activities for students; stimulates their interest and creativity; develops their critical thinking and problem solving skills; improves leadership skills.

## YEA Programs – Spring 2020

---

Dear Parents,

The classes/programs offered at YEA in Spring 2020 are ready for registration now!

Please pay attention to all the details below. Some changes are made.

- **Early-bird rate or discount rate** applies when the registration is completed, and the payment is received **on or before Feb 23, 2020**.
- **No discount or refund for any missed classes**, but we would be happy to send you handouts and homework upon your request. Any fund paid for the missed classes can be considered as TAX deductible Donation. Please ask YEA to provide a receipt for TAX purpose if needed.
- YEA offers you a **Referral Bonus program**. For each referred new student who attends a paid class or program offered by YEA, you will receive 10% of the fees paid by the new student, up to \$40 of YEA credit. A student who attended any previous YEA activities won't be counted as new student. The Referral Bonus has no cash value but can be used to pay for **future classes** offered directly by YEA. TARC, CyberPatriot, SAT, Summer Camp, and Private Tutoring are excluded.
- For a class with 4 or fewer students, we may ask parents to contribute additional amount of money to cover the minimum for the class while the students can enjoy more attention in a smaller class. The parents will be notified in advance when there is such a need.
- You can use this form to register for one or multiple classes at a time for each student.
- Classes/programs are subject to change or cancel.
- Need to use the current grade when registering for a class with grade level.
- **Two new classes** have been added to the schedule, **Solidworks 3D CAD** - Advanced & Efficient Techniques which teach students how to effectively interact with Solidworks to make complex 3D models, and **Advanced CyberPatriot** which is offered to students who have strong interest in CyberPatriot and want to take leadership in the upcoming CyberPatriot competitions. Good class behavior required. CyberPatriot knowledge or experience preferred.

More details can be found under Programs on our website [www.YoungEngineersinAction.org](http://www.YoungEngineersinAction.org). Contact us at **(714) 808-2407** or **Contact@YoungEngineersinAction.org** if you have any questions.
